

## Overview

During Term 4, children explored the theme on Nature. Children learnt progressively with different topic at different level. Topics included different types of weather conditions, knowing various types of flowers and flower products, parts of plant and exploring world of trees and rainforest. Children had authentic learning experiences in their field trips which helped to connect their learning in classroom to real world experiences.

In addition, in the month of December, children become more aware of the environmental topic on recycling covering the 3Rs, reduce, reuse and recycle.

As the school year comes to a close, it is an opportune time for the children to showcase their year of learning through the Year End Concert, Book Week and Cultural Dance Performances.

We are SPARK accredited

It was an experiential learning journey for the **K1 and K2 children to the Bukit Timah Reserve** as they explored the rainforest and saw various species of plants and animals living in the rainforest. The children were able to connect their prior knowledge such as different layers in the rainforest and used it appropriately to interact with the guide.

Due to wet weather conditions, **PG, N1 and N2 children visited the The Air Force Museum** instead of their learning journey to the garden. At the museum, children made discovery and saw real models of fighter jets, missiles, helicopters etc from Republic of Singapore Air Force.

## Mid-Autumn Festival Celebration

The children listened to the mid-autumn festival legend of Hou Yi and Chang Er. The K2 children performed

gracefully a lantern dance. Whereas other children played games relating to mid-autumn festival legend to heighten their awareness of the Mid-Autumn festival legend.

## Children's Day Celebration

It's a day of playing, feasting and pampering for our children. They watched performances

from the English and Chinese Teachers and played games such as animal treasure hunt, animal puzzles, animal charade games etc. Children had a hands-on cookery making sushi. They were pampered at the makeup station and the girls even had a nail makeup.

## Christmas Celebration

The children were introduced to the various Christmas traditions through games and activities such as dressing up a pretend Christmas tree, learning to unwrap the present and presenting a speech choir on the Christmas story. The celebration ended with all singing the Christmas carol.

## K2 Farewell Party

The K2 children had acquired more knowledge and skills in all our primary one transition program. In the recent canteen role play, it further helped them to reinforce their skills in managing and counting money, practised queuing and taking turns and making decision to choose and buy food. Let's us bid them goodbye and wish them all the best in their future learning journey.

## Deepavali Celebration

This celebration raised the children's awareness on how Deepavali is celebrated and Indian culture including costume, food, music, dance and traditions. Children played games and performed Indian dances. The children enjoyed the food tasting of thosai and putu mayam.

## Year End Concert and Graduation Ceremony

It was a celebrative and joyous occasion. We are proud that the K2 children had delivered their graduation speech confidently. The children showcased their music smart intelligences through dance performances, musical performances and speech and drama performances in front of their parents and guest.

## Cultural Dances Performances

The N2-K2 children showcased various cultural dances and different genre of dances they had learnt in every term.

## Book Week

The visits of the NLB Mini-Molly Bus had developed the habitual reading of many children. Many of them borrowed books home. In addition, the K2 children had their book week where they picked their favourite book; some dressed up as the story character and did their storytelling while others read their favourite story book to the audience.

## Parent Partnership

Parents who attended the Healthy Eating Work-shop learnt the benefits of Healthy Eating and Healthy Eating Guideline. Parents also had a hands-on cookery session in making healthy sushi.

## Community Service Spirit

Reinforcing the children's community service spirit, the visit to Happy Lodge allowed the children to appreciate and respect people who are different from them. The children prepared and distributed the goodie bag, performed dances and engaged the elders in our music smart, picture

smart and body smart activities. The children interacted with the elders and brought joy to them.

May the peace and blessings of Christmas be yours;  
and may the coming year be filled with happiness.

*Merry Christmas  
&  
Happy New Year*
