

Thematic Activities

Hello and welcome to our first newsletter for Year 2018. In Term One, the beginning of the school year, the curriculum theme on "All About Me" allowed the children to learn about themselves and others around them. They learnt how to think about others, noticed their thoughts and feelings, and how to communicate with them and form friendships. Children participated in a varieties of learning experiences including role playing as various family members with their friends in our dramatic home corner to reinforce their understanding and enhance their social interaction skills.

This N2 learning journey to KidsSTOP reinforced the children's understanding of their various body parts and extending their learning to organs of the body. ▼

The K2 children learnt the importance of being positive and knowing their abilities where "I can be the best me" and "I can be a good friend" during their learning journey to HealthZone @ Health Promotion Board.

N1 children role played at the dramatic home corner.

PG children looked at the mirror to identify various parts of their face.

The K1 children had an experiential learning journey at the Science centre where they explored with their senses to see rainbow light, smell strawberry and banana fragrance, examined each other's taste bud on their tongue and touch little chick. ▼

Chinese New Year Celebration

The children participated in Chinese New Year traditions activities such as performing lion dance, lighting pretend fire cracker, pasting couplets, role played "Bai Nian" and matching the 12 zodiac animals. The Chinese New Year festivities were in the air and children learnt to say Chinese New Year greetings.

The Touch Community workshop further nurtured the children on the value of caring and sharing. It also reinforced our core value of Appreciation.

TOUCH Lunar New Year Hong Bao Blessing Project

The whole school community; the children, the parents and the teachers demonstrated their community service spirit by contributing hong bao to share the Lunar New Year spirit with the children and families from the needy and disadvantaged.

Mini Molly Bus

The Mini Molly Bus made its first visit for the year to continue to stimulate our children's reading interest.

Important Dates

Term 2

- 27 Apr (Fri) - Centre closure (Training)
- 14 May (Mon) - Centre closure (Curriculum planning)

Centre-Parent Partnership

Parents of different levels attended workshops on Sunflower curriculum orientation and gained knowledge to support children's learning at home, such as phonemic awareness, reading and good hygiene practices.

Little Chef Session

The N1-K2 children were introduced to Chinese food culture, they learnt to use chopsticks and have hands on cookery session to make Chinese Jiao Zi dumpling. The K2 children mixed the flour, cut the vegetables and all the children

rolled the dough to make their own dumpling. The children savoured their Jiao Zi dumpling during lunch time. It was an purposeful integrated and authentic learning experience for the children.

Music and Dance

The N2-K2 children were introduced to cultural dance such as the Chinese Ribbon dance and Malay Rasa Sayang dance. Separately the K1 and K2 children have started learning new skills in speech choir to recite speeches in unison.
